Howdy Parents and Caregivers,

We're having a plumb good time in the Wild West! Highlights included our little cowpokes riding in a covered wagon and visiting with a real cowboy who showed them how to lasso a bucking bronco! It's always an adventure in the Wild West. Next week we look forward to spending some time at a (pretend) campfire and enjoying some rations from the chuckwagon. We hope you have enjoyed hearing from your little tenderfoot about their adventures.

Happy Trails,

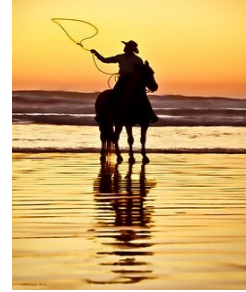

Jennifer Urrunaga, Education Director

Melinda Aghajanian, Business Director

ELC Playground Fund

Wild West Roundup Success

We had a great night and raised \$1,695! Thank you to our wonderful staff for volunteering their time for this event!

ELC is excited to host the UD Embryology program the week of April 8th. This enrichment program includes a week of caring for and raising baby chicks!

Please keep a change of seasonally appropriate clothing in your child's ELC school bag. If your child comes home with an ELC outfit on, please be sure to wash and return it as soon as possible.

Registration for 2024-2025

Registration for the 2024-2025 school year is now open. Do you have a family member or friend that would love to be a part of our ELC family? Have them call the office to schedule a tour!

302-239-3033

Children from 18 months through PreK are welcome to register!

While March comes in like a lion and out like a lamb, please remember to dress your child for the morning weather. High temperatures for the day can be deceiving. Most children go out between 9:30am and noon. Hats, gloves, and coats should be sent in each day—we usually go outside as long as the temperature with the wind chill is 32-degrees or higher.
